

WHO WE ARE?

Zewail Academy is an Integrated Academic Excellence Hub that synchronizes CBSE / Board mastery with elite entrance coaching (NEET, JEE, KEAM, CUET, etc). Operating in a 100% offline, high-discipline environment, we provide adequate hours of expert-led instruction and a rigorous 'Daily-Weekly-Monthly' testing cycle to ensure students don't just pass exams, but secure top-tier ranks.

OUR VISION

"To be the premier destination for integrated academic excellence, where rigorous board preparation meets world-class competitive coaching, empowering students to secure their future in India's most prestigious professional institutions."

OUR MISSION

To provide a disciplined, 100% offline learning environment that bridges the gap between school curriculum and entrance exam success through:

1. Academic Rigor : Delivering adequate hours of classes handled by our expert faculties across the subjects Physics, Chemistry, Biology, and Mathematics.

4. Holistic Support : Providing daily Doubt Clearing Sessions (DCS), expert-designed resources, and quarterly career orientation to keep students motivated and focused.

2. Dual-Focus Excellence : Ensuring mastery of the CBSE / Board syllabus while simultaneously sharpening the skills needed for NEET and JEE.

5. Accountability : Maintaining transparency through dedicated faculty coordinators and regular academic monitoring by school / Institute leadership.

3. Continuous Assessment : Building student confidence through a relentless cycle of Daily Conceptual Exams, weekly evaluations, and Comprehensive Mock Tests.

ZEWAIL RESPONSIBILITIES

- Fully **OFFLINE** Mode.

- **CBSE/State Board Model Exams**
- **NEET/JEE MOCK TESTS.**
- **HELP DESK** for applying various Competitive exams.
- Monthly academic performance can be monitored by the **School Principal or Authorities.**

COURSE 1

ZEWAIL INTEGRATED

It is a **2-year Integrated Programme** designed for Class XI Science students. It aims to bridge the gap between Board Exam success and clearing highly competitive entrance exams like NEET and JEE.

THE ACADEMIC FOUNDATION

1. The programme is built on a massive commitment of **1,600 hours of live classroom instruction**. This ensures that every concept from the basics of the Board syllabus to the complexities of entrance coaching is covered in depth.

2. **Integrated Learning:** Completion of the full Board Exam syllabus alongside specialized entrance coaching.

3. **Broad Scope:** Comprehensive preparation for **NEET, JEE, CUET, KEAM**, and other major entrance exams.

THE ASSESSMENT ECOSYSTEM

Success in competitive exams is often determined by the volume and quality of practice. This programme features a tiered testing strategy:

1. CONSISTENCY:

66 Weekly Exams

These serve as the primary pulse check. They ensure you never fall behind by testing the specific topics covered in the preceding seven days.

3. BOARD READINESS:

20 Board Model Exams

To ensure your GPA doesn't suffer while you focus on NEET/JEE, these simulations prepare you for the specific subjective writing style required for board success.

2. RETENTION:

10 Monthly Part Exams

These mid-range tests combine multiple chapters, forcing your brain to retrieve older information and link different concepts together.

4. FINAL PERFORMANCE:

30 Mock Tests

These are the "dress rehearsals". They simulate the exact pressure, timing, and difficulty of the actual NEET or JEE exam day

COURSE 2

ZEWAIL TUITION + ENTRANCE

This program is a focused, **one-year** "sprint" designed for both **Class XI and XII Science students**. It balances the Board Exam syllabus with essential entrance coaching.

MULTIDISCIPLINARY PREP:

Direct coaching for competitive exams including NEET, JEE, and CUET.

400 Instructional Hours

A concentrated curriculum focusing on core concepts and high-weightage topics.

33 Weekly Exams

A concentrated curriculum focusing on core concepts and high-weightage topics.

10 Board Model Exams

Focused practice to master the Board-level subjective exam format.

10 Monthly Part Exams

Targeted testing on specific subject blocks.

15 Mock Tests

High-intensity NEET/JEE mock exams to refine competitive speed and accuracy.

COURSE 3

ZEWAIL FOUNDATION

Targeted at younger students in **Classes V to X**, this programme builds the early skills needed for future success.

"Learning to Learn" rather than just
"Learning the Syllabus."

BUILDING THE BASICS

200 Instructional Hours

Foundational classes in Science and Mathematics tuition.

EARLY ASSESSMENT HABIT

25 Weekly Exams

A concentrated curriculum focusing on core concepts and high-weightage topics.

Strategic Training

Specialized training to help students learn how to deal with MCQ (Multiple Choice Question) formats early on.

08 Board Model Exams

Targeted testing on specific subject blocks.

10 Mock Tests

Introductory-level mock tests to familiarize students with competitive structures.

COURSE 4
